Pilot Point Chinook

Possession Bar Chinook

Useless Bay Chinook

Port Townsend

4807696/12243509

4806744/12240992

Marrowstone

NAUTICAL MILES

4807696/12243509

Port Townsend

Marrowstone

NAUTICAL MILES

PRECAUTIONARY AREA
165-1301 (see note A)

4802989/12221644

PUGET SOUND VESSEL TRAFFIC SERVICES AREA
(see note B)

4801563/12220235

4759786/12217078

4759926/12219269

Fish these two areas in 90-180 feet of water. In many cases it will not be important to stay close to the bottom. Fish the first tide of the day.

Baby Is.-Green Bank-Elger Bay

North Bluff

The best way to judge your fishing depth is by looking for bait. Be careful as you approach the point. The water will shallow up quickly. Keep edging out to your left to keep your depth more than 90 feet deep. I would turn around at this point and troll back to the shed or as far north as the abandoned house near the beach.
