### Are You in the Bubble?

See the line defining the Tulalip Bubble, complete with GPS coordinates. This line will be strictly enforced by the WDFW. If you catch a chinook in this area and wish to fish elsewhere, you must take the fish home or to your auto before fishing in the new area! This rule applies when other areas are closed for Chinook.

Fish these two areas in 90-120 feet of water. The fish will be suspended at daylight. As the light gets on the water fish close to the bottom. The fish will move east of the buoy in the evening.

## Tulalip Bubble Chinook

January	Feb	March	April	May	June	July	August	Sept	Oct	Nov	Dec
					Chinook	Chinook	Chinook	Chinook
