Fishing Maps

Maps For The Serious Angler John's Sporting Goods Eastern Bank is one of the newly PRECAUTIONARY discovered shrimping areas. It is rated as one of the best places to go Experts agree that is shrimping. see note A equally as good Hood Canal or Browns Bay! There is loads of shrimp and there is virtually no one around who is doing any shrimping in this area. It is not uncommon to find shrimp on Eastern Bank in 300 feet of water. I would recommend the customary 250 feet and then set another pot at 300 feet until you get a feel of where the best areas are. The places that are mapped out are a good starting point. I would encourage Eastern Bank gy S G Sh you to explore all areas of Eastern Bank. Some areas of the bank have a muddy bottom, if you find one of these MSG spots, move to a new area. 77 88 83 4815865/12259082 79 76 RESTRICTED AREA (see note A) MS 65 61 58 Eastern Bank Shrimp Dec January Feb March | April May June July August Sept Oct Nov
